Introduction

Tenacity Auto Parts Co., Ltd is a premium manufacturer of auto rubber parts in Taiwan. Founded in 1973, Tenacity has been accumulating tons of professional manufacturing know-how, technique, and skill. As an experienced manufacturer, Tenacity insists on the superior quality. All of the products are strictly inspected by our QC program, such as 3D dimension test, tensile force test, and vibration test to ensure the highest quality standard.

Moreover, our rubber is made according to the formula (NR + BR). As a result, our products such as Engine Mounts, Strut Mounts, and Bushings are able to stand high heat and severe friction. In addition, we use powder coating to replace the traditional painting for the metal parts. It is more durable and won't come off easily. Therefore, our products can work well on harsh conditions such as scorching and freezing weather.

Tenacity also carries suspension parts such as Tie Rod Ends, Rack Ends, Ball Joints, Stabilizer Links, Pitman Arms, and Idler Arms to meet customer's demand.

Thus, with Tenacity Auto Parts, you work with the premium rubber and suspension parts, and your strength lies solely in Tenacity.

Abbreviation Index

Tenacity Part NO. Combination :

Product Lines	English
ATA	CONTROL ARM/CONTROL ROD
ATB	BALL JOINTS
ATC	CROSS ROD
ATE	TIE ROD END
ATI	IDLER ARM
ATK	SHAFT KIT, CONTROL ARM
ATL	STABILIZER LINK
ATP	PITMAN ARM
ATR	RACK END
